

Ordinance. \_\_\_\_\_

## **DRAFT WINERY ORDINANCE**

### **Section 17.56.330 - Wineries**

- A. Purpose. The purpose of this section is to provide for the orderly development of wineries, within agricultural zoning districts and certain commercial, industrial and residential zoning districts, to encourage the economic development of the local agricultural industry, provide for the sampling and sales of value-added products, and protect the agricultural character and long-term agricultural production of agricultural lands.

B. Definitions

“Administrative Review Permit” – See Zoning Ordinance Section 17.58.100.

“Conditional Use Permit” – See Zoning Ordinance Section 17.58.130.

“Large Winery” refers to a winery with annual production capacity of 20,000 cases or greater.

“Minor Use Permit” – See Zoning Ordinance Section 17.58.120.

“Promotional Event” means an event, sponsored by the property owner, an association of agricultural property owners, or similar organizations formed to assist the agricultural industry in the area, to promote the sale of Placer County wines, and which is intended to allow for the sampling and direct marketing and sales of wines produced on the premises or produced elsewhere from grapes grown on site. Such events include “winemaker’s dinners.”

“Public Tasting” refers to wine sampling by the general public.

“Temporary Outdoor Events” are events that are of limited duration and located primarily outdoors. If any buildings are used for the event, such use shall not exceed the occupancy load. Two events per year can be authorized on any given site through the Temporary Outdoor Event Permit process as described in Section 17.57.300.B.1.b. Any such authorization would be in addition to the promotional events authorized in this Section.

“Small Winery” refers to a winery with annual production less than 20,000 cases.

“Winery” means a bonded winery facility comprising the building or buildings used to convert fruit juices (all or part of which are produced on the property) to wine, and to age, bottle, store, distribute and sell said wine. A winery, for the purposes of this section, includes crushing, fermenting and refermenting, bottling, blending, bulk and bottle storage, aging, shipping, receiving, laboratory

Minor Use Permit required (Section 17.06.050)	MUP
Conditional Use Permit required (Section 17.06.050)	CUP
Use not allowed	

Ordinance. \_\_\_\_\_

- D. Development and Operational Standards. The following development and operational standards shall apply to all wineries. These standards will be applied with flexibility to encourage wine grape growing, consistent with the agricultural use of the property. For wineries on commercially and industrially-zoned parcels, commercial standards will apply. Wineries established prior to the adoption date of this ordinance will be afforded maximum flexibility in establishing reasonable standards through the Administrative Review Permit process when adding new uses.

1. General.

- A. The primary purpose of the winery shall be to process wine grapes grown on the winery property or on other local agricultural lands. In the Residential, Resource and Agricultural zoning districts where wineries are allowed, at least one acre of planted vineyard on site is required, unless the Agricultural Commissioner makes a determination that a functional equivalent occurs (i.e. winery is contracted to receive a substantial portion of the winery production capacity from locally produced vineyards).
- B. Retail sales of wine fruit products shall be limited to those produced, vinted, cellared or bottled by the winery operator or grown on the winery premises, or custom crushed at another facility for the winery operator.
- C. The minimum parcel size for establishment of a winery is 4.6 acres in the Residential, Resource and Agricultural zoning districts where wineries are allowed.

2. Parking. The following parking standards shall apply to wineries:

- A. Small Wineries – If public tasting is proposed, a minimum of five permanent parking spaces shall be provided.
- B. Large Wineries - The minimum number of required parking spaces as indicated below shall be provided.

Areas for use by or for patrons, including tasting rooms and reception areas	One space per 300 square feet
Offices, or administration areas	One space per 300 square feet
Production, storage or warehousing areas	One space per 1,500 square feet
Promotional event parking	One space per 2.5 persons

Ordinance. \_\_\_\_\_

3. Access Standards

- A. Access roads to winery structures shall meet State and local Fire Safe Standards as determined by the serving fire agency. Alternative design allowances and/or requirements may be determined on a case-by-case basis for modification to the standards, dependent upon anticipated level of use, site constraints, turnout opportunities, road length, slope, and other site-specific issues.
- B. Access – County-Maintained Roads
  - 1. If a winery is accessed from a County-Maintained Highway, an encroachment permit may be required to address ingress, egress and sight-distance requirements.
- C. Access – Non-County Maintained Roads.
  - 1. If a winery is accessed by a private road, the applicant shall provide reasonable proof of access rights as determined by the Engineering and Surveying Department.

4. Potable Water

- A. If the winery is served by well water and there are more than 25 people on-site in a 60-day period, employees and guests shall be provided with bottled water for consumption, unless otherwise approved by the County Environmental Health Division. Well water shall meet potable water standards for the purposes of dishwashing and hand washing.

5. Waste Disposal.

- A. Solid Waste. All solid waste shall be stored in a manner that prevents the propagation, harborage, or attraction of flies, rodents, vector, or other nuisance conditions. Pomace, culls, lees, and stems may be recycled onsite in accordance with the Report of Waste Discharge approved for each individual winery by the Regional Water Quality Control Board.
- B. Winery Production Waste. Standards for waste disposal shall be set, where applicable, by the Regional Water Quality Control Board and shall be stipulated in the Report of Waste Discharge.

Ordinance. \_\_\_\_\_

- C. On-site Sewage Disposal. If public sanitary sewer is not available, then the on-site sewage disposal system shall be designed in compliance with County Code Chapter 8.24 and sized to accommodate employee, tasting room and commercial sewage flows. Portable toilets may be approved by the County Environmental Health Division for temporary and promotional events.

6. Tasting Facilities

- A. The primary focus of the tasting area shall be the marketing and sale of the wine and grape products produced at the winery. Incidental sales of wine-related merchandise and food shall be allowed subject to the requirements of the California Retail Food Code.

7. Promotional Events.

- A. Application Requirements. The application shall include the following information:

- i. number of annual events;
- ii. estimated number of participants,
- iii. description of parking and circulation, and
- iv. sanitation provisions.

- B. Standards.

- 1. Duration. No single promotional event shall exceed more than two consecutive days.
- 2. Parking Requirements. Temporary, overflow parking may be utilized. The applicant shall demonstrate to the Development Review Committee the ability to provide safe access and parking, including providing attendants to monitor proper parking and access road clearance for emergency vehicles.
- 3. Noise Standards. Any promotional event proposing outdoor amplified music shall be subject to Placer County Code Article 9.36 (Noise Ordinance).
